ADMISSIONS NOW OPEN FOR THE “COMPREHENSIVE POWER BI” TRAINING COURSE

The Institute of Cost and Management Accountants of Bangladesh (ICMAB) www.icmab.gov.bd is going to organize “Comprehensive Power BI” Training course. The details of the training are given below:

Course Objectives

The course is designed to equip learners with the basic skills needed to create visual reports with data analytics using Power BI. Upon course completion, learners will be able to consume and transform data using the Power BI Desktop application, create models from raw data sources and configure Dashboards using the Power BI Service.

Required Prerequisites for Interested Trainees: Basic knowledge of Microsoft Office applications, with a focus on Excel.

LEARNING OUTCOMES:

Upon completion of this course, learners will be able to:

- Understand the fundamentals of Power BI and Power Query
- Perform advanced data transformations using Power Query
- Integrate and combine data from multiple sources effectively
- Build efficient data models and apply DAX fundamentals
- Use advanced DAX functions for deeper data analysis
- Create insightful visualizations, including charts, graphs, and dashboards
- Develop a complete sales project using Power BI
- Understand the Power BI analytics and visualization APIs
- Utilize the Power BI mobile app for data access and insights on the go

MODE OF TRAINING: Hybrid (Physical & Online)

FEES: Tk. 3,200.00 (In-Person), Tk. 1,600.00 (Online)
(50% fee discount is available for ICMAB students from the above-mentioned fees).
